PAICAR

POLISHING SOLUTIONS FOR
CAR CARE AND DETAILING

Bring Out the Best in Every Surface with PAICAR. Discover the power of professional-grade polishing with PAICAR, the trusted name in automotive surface care since 1965. Whether you're a detailing expert or a passionate car enthusiast, PAICAR offers a complete range of high-performance polishing compounds designed to restore, refine, and protect your vehicle's finish.

At A-M-Clean, we proudly offer the full PAICAR polishing line

PAICAR01 – Extra Heavy Cut Compound
Eliminates deep scratches (P1200–P2000), oxidation, and imperfections. Perfect for restoring aged or freshly cured paintwork.
Cut: 10/10 | Finish: 5/10

PAICAR03 – High Gloss Refinishing polish
Removes holograms and swirl marks with micro-abrasive technology. Ideal for dark colors and showroom-level shine.
Cut: 5/10 | Finish: 9/10

PAICAR02 – One Step Polishing Compound
A fast and effective solution for P1500–P3000 sanding marks. Delivers a brilliant finish in a single step.
Cut: 9/10 | Finish: 8/10

PAICAR04 – Fine Polish with Wax
Combines polishing power with wax protection. Leaves a silky-smooth, high-gloss finish that lasts.
Cut: 4/10 | Finish: 10/10

PAIBOAT Composites – Master in Polishing

Discover the excellence of PAIBOAT Composites, a premium line of polishing and care solutions for composite surfaces, now available at A-M-Clean. Born in the heart of Italian luxury yacht craftsmanship, PAIBOAT Composites brings decades of expertise to every surface it touches - from marine to automotive, sports equipment to architectural components.

Whether you're working with gelcoat, lacquered finishes, carbon fiber, or fiberglass, PAIBOAT offers tailored solutions that deliver:

- High-performance polishing pastes for deep gloss and fast cutting
- Maintenance and refitting products that restore brilliance and protect value
- Specialized cleaners and waxes for seasonal care and long-lasting shine
- Professional-grade pads and accessories for every polishing stage

From REX for tough moulds to PERLA 15 for sublime lacquered finishes, and from UV SHIELD for seasonal protection to FLASH TOUCH for quick spray polishing - PAIBOAT Composites ensures your surfaces look flawless and stay protected. Whether you're a boat builder, composite manufacturer, or detailing professional, A-M-Clean is your trusted source for PAIBOAT Composites products. Elevate your polishing game and achieve results worthy of a masterpiece.

nicegreen ultra

NiceGreen Ultra – Innovation in Cleaning and Disinfection

Discover NiceGreen Ultra, the powerful and concentrated multi-cleaner from A-M-Clean. This advanced formula blends natural ingredients with professional-grade cleaning power, delivering a spotless and hygienic environment at home, in the office, or in industrial settings. Whether you're tackling daily cleaning tasks or heavy-duty jobs, NiceGreen Ultra is your sustainable solution for cleanliness and health.

✓ Why Choose NiceGreen Ultra?

- **Powerful Performance:** Deep cleaning and effective disinfection.
- **Versatile Use:** Ideal for kitchens, bathrooms, furniture, floors, and even industrial surfaces.
- **Eco-Friendly Formula:** Biodegradable and free from toxic chemicals – safe for people, pets, and the planet.
- **Cost-Effective:** Highly concentrated – dilute as needed and make one bottle last longer.
- **Safe & Sustainable:** No harmful fumes or residues.

👉 St. steel, metal, upholstery, grease, ink, chewing gum, blood stains, Betadine

➔ 1L = 10L cleaning solution

NiceGreen Ultra – Smart, Strong & Green
Experience the difference. With NiceGreen Ultra
you choose efficiency, reliability, and
sustainability. Available now at A-M-Clean.nl

ECOFIRE

ECOFIRE: CLEAN SOLUTION FOR FIRE SAFETY

At A-M-Clean, we proudly present ECOFIRE - a groundbreaking fire suppression product designed to prevent the spread of fires in electric vehicles, lithium-ion batteries, mobile devices, households, yachts and cars.

Key Features:

- 100% Ecological & Biodegradable
- Made from organic materials, ECOFIRE is safe for people, animals, and the environment.
- Unique Fire Encapsulation Technology
- Forms a carbonic acid layer 40-50 times thicker than standard coatings, cutting off oxygen and preventing re-ignition.
- Superior Efficiency
- Up to 40 times more effective than water, drastically reducing exposure to fire and smoke.
- Multi-Class Fire Protection
- Suitable for Class A, B, L, and F fires, including electrical fires. Dielectric strength up to 25,000 V.
- Low Maintenance
- No professional inspection required as long as pressure is maintained. Includes 3-year packaging warranty and 5-year fluid warranty.
- Safe & Easy to Use
- Non-toxic, non-corrosive, and easy to clean with water. Ideal for hard-to-evacuate areas.

Recommended Applications:

- Electric Vehicles & Lithium-Ion Batteries - The only product proven to prevent fire spread in these cases.
- Confined Spaces - Perfect for aircraft, ships, trains, and other areas where quick smoke suppression saves lives.
- Residential Fires - Enables rapid response to home fires, minimizing damage and loss.
- Transport Vehicles - Extinguishes fires 6-10 times faster than water, reducing downtime and damage.
- Cold Storage - Remains effective down to -40°C without losing its properties.
- Agricultural Machinery - Protects vehicles, crops, and surrounding areas with its 100% organic formula.
- Forest & Field Fires - Creates a fire-resistant barrier with low density for wide-area coverage.
- Industrial Settings - Effective against flammable liquids and other industrial fire types.
- Thermal Insulation - Can be used to treat gloves and equipment for handling hot objects.
- Fire Prevention Stations - Ideal for permanent installations as a preventive fire barrier.
- Electrical Fires - A safe and effective alternative to traditional extinguishers.
